3. **Termination Option.** The Government shall have the right to terminate this Lease, in its entirety, effective June 25, 2024, by providing the Lessor written notice not less than one year prior to the proposed effective date of such termination, time being of the essence.  Rent for a lesser period shall be prorated. The annual rent for the Extension Term includes all rights, services, repairs, alterations, improvements, and utilities currently provided under the Lease.
5. **Condition of Premises.** Paragraph 4(t) of the SF-2 shall be replaced in its entirety and replaced with the following language. The Government agrees to accept the Leased Premises and the Building Shell Requirements as "existing", and Lessor represents that such items are in good repair, and provide a tenantable condition. The intent of this qualification is to recognize that the Government finds such items or conditions to be at least minimally acceptable with regard to the Government's occupancy of the space. Nonetheless, such items or conditions are to be "in good repair and tenantable condition" at the time of the Lease Commencement Date or any other specified dates(s). The acceptance of the Leased Premises "as existing" does not relieve the Lessor from the obligation in the Lease to maintain and repair the building shell and life safety in compliance with the standards set forth in the lease. Further, Lessor is under no obligation to provide the Government any Tenant Improvement Allowance in connection with the Extension Term.
6. **Base for Operating Costs.** The Government's base for operating costs shall remain the same as in the existing lease, which is **(b) (4)**. The government will continue to pay CPI adjustments as outlined in the existing lease.
7. **Base for Real Estate Taxes.** The base for real estate taxes shall remain the same as in the existing lease. The government will pay for increases in real estate taxes in excess of the established existing base amount and in accordance with the existing lease.
8. **Parking.** The Government shall have the right to acquire up to 34 parking permits at market rates not to exceed \$300/unreserved per month for the first year. Parking permits shall be acquired via direct service contract between Government employees and the Lessor's parking contractor. All parking rates are subject to an acceptable market increase one time per lease year upon 60 days prior written notice. The rate must be mutually acceptable to both parties.
9. **Commission and Commission Credit.** CBRE, INC. (Broker) is the authorized real estate Broker representing GSA in connection with this Lease transaction. The total amount of the Commission is **(b) (4)** and is earned upon execution of this Lease Amendment, payable according to the Commission Agreement signed between the two parties. Only **(b) (4)** of the Commission, will be payable to CBRE, INC. with the remaining **(b) (4)** (the "Commission Credit") to be credited to the shell rent portion of the annual rental payments due and owing to fully recapture the Commission Credit.
